PREPARATION FOR PET SCAN (FDG) EXAMINATION:

- **Do not eat or drink** (except plain water) for **six (6) hours** before your appointment.
- **Do not smoke** on the day of your scan.
- **Bring along all your previous X-ray, Ultrasound, CT, MRI films or PET images/report and blood tests or biopsy reports, together with medication list.**
 - Please do not exercise or engage in any strenuous activity or massage 24 hours prior to scan.

For Diabetic patients:

- **Do not take** oral diabetic medication or insulin injection **on the day of scan** (however, please bring along on the day of scan).
- You can expect to be at our centre for 2 to 4 hours (depends upon the scan requested).
- Please be punctual. If you need to reschedule, please inform us **48 hours** in advance.
- If there is a possibility that you might be pregnant or if you are **breastfeeding**, please notify our staff before your examination.
